

SENATE RESOLUTION No. 3

DIGEST OF INTRODUCED RESOLUTION

A SENATE RESOLUTION urging the legislative council to establish an interim study committee to study the creation of an industrial zone for automotive related industry.

Buck, Holdman, Banks

January 4, 2012, read first time and referred to Committee on Commerce and Economic Development.

SENATE RESOLUTION No. 3

MADAM PRESIDENT:

I offer the following resolution and move its adoption:

A SENATE RESOLUTION urging the legislative council to establish an interim study committee to study the creation of an industrial zone for automotive related industry.

Whereas, The area bounded by State Road 28 on the south, U.S. Highway 24 on the north, Interstate 69 on the east, and U.S. Highway 31 on the west has a history rich in automotive innovation and technological discovery;

Whereas, The creation of an industrial zone for automotive related industries would help the area generate new businesses;

Whereas, An industrial zone dealing with automotive related industries would help reduce the already high unemployment rate in the region by generating new jobs; and

Whereas, Possible incentives that may be studied by an interim study committee would include tax credits and regulatory relief programs to entice new industries into this zone: Therefore,

*Be it resolved by the Senate of the
General Assembly of the State of Indiana:*

1 SECTION 1. That the legislative council is urged to establish an
2 interim study committee to study the possibility of creating a
3 industrial zone for automotive related industry.

1 SECTION 2. That the committee, if established, shall operate
2 under the direction of the legislative council, and that the committee
3 shall issue a final report when directed to do so by the council.
